

EVGA PRO SLI BRIDGE V2

Part Number: **100-2W-0024-LR**
100-2W-0023-LR
100-3W-0032-LR
100-4W-0042-LR

Introducing the EVGA PRO SLI® BRIDGE V2. These redesigned bridges come with several improvements over the previous generation SLI® bridges. Not only do these new bridges light up and look great on select graphics cards, they also have a high quality aluminum shroud, and are optimized for the next generation display resolutions and refresh rates, with a high pixel clock frequency design.

Next Generation Features:

- Separate models to support 2-Way (Short) 2-Way (Standard), 3-Way or 4-Way SLI®.
- High pixel clock design optimized for next generation display resolutions and refresh rates.
- EVGA logo illuminates on select GeForce® GTX™ graphics cards.
- Compatible with all SLI® enabled cards.
- Looks super awesome!

2-WAY SLI® BRIDGE (SHORT)
100-2W-0024-LR

2-WAY SLI® BRIDGE (LONG)
100-2W-0023-LR
