

User Guide

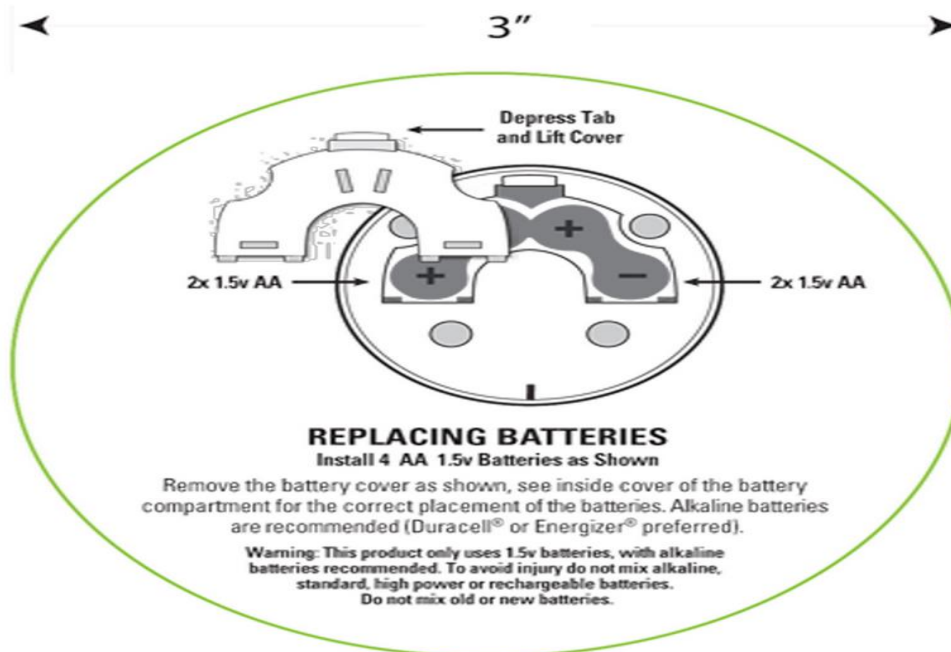

1. How do I insert batteries & remove broken tips with my iPoint Curve?

2. How do I empty my manual sharpener & eraser?

- Rotate the eraser around so that the two sharpener holes are showing.
- Press between the holes to release the sharpener.
- Empty the shavings from the reservoir cap into the trash.
- Insert the sharpener into the reservoir cap before use.

3. How do I change the battery of my iPoint Evolution?

4. How to empty the iPoint Evolution Pencil Sharpener?

5. How do I empty my iPoint Razor?

EMPTYING THE SHAVINGS RESERVOIR

See illustration

Simply turn the top of the reservoir as shown, lift off the lid and choose one of the following methods.

- 1) Empty the shavings directly into the trash without removing the reservoir.
- OR
- 2) Remove the shavings container and empty, replace container and top of the **iPoint** before operating.
