KOLOB

DELICIOUS INSTRUCTIONS

Add 3/4 cup (~75 grams) medium coarse ground coffee into the filter.

Pour 32 oz (950 ml) water over the grounds and stir until well combined.

Place the lid on the carafe and let brew for 12-24 hours at room temperature.

Remove the filter and discard the grounds.

Your Kolob cold brew can be served hot or cold, and can be stored in your fridge for up to 2 weeks.

Mix with cream, ice, water, milk, or your favorite mix-ins.
