Nikon products come with varying levels of registration and warranty cards.

Nikon Cameras, Lenses, Speedlights and Accessories

All new Nikon cameras, lenses, Speedlights and accessories include a one-year limited warranty. During this period, if the product is found to be defective in material or workmanship, Nikon Inc or one of its authorized repair facilities will either repair or replace the product without charge (as long as it meets the terms of the warranty). No registration or “warranty” card is needed with these products; simply retain your original dated proof-of-purchase in case warranty service is needed. We recommend registering your product so we can send you information about future updates or service issues that may arise. Read

Digital SLR Camera Bodies and Coolpix Cameras

No registration or "warranty" card is included or needed with a Nikon D-SLR or Coolpix camera. Keep your original, dated proof of purchase from the Authorized Nikon Inc. dealer in case warranty service is ever needed.
