

Overview

Escape into a world of splendid color and clarity with the X328BV-SR. Clear QAM tuner is included to make cable connection as easy as possible, without an antenna. HDMI input delivers the unbeatable combination of high-definition video and clear audio. A USB port comes in handy when you want to flip through all of your stored pictures and tune into your stored music.

More possibilities: With HDMI, VGA, Component, and Composite inputs, we offer a convenient balance between the old and new to suit your diverse preferences.

Limited Parts and Labor	One Year

Key Features

LED

With sharper contrasts of light and darks, LED display delivers a vast array of rich colors, ensuring that moving images have never been so pleasing to the eyes. LED Display offers a lifelike picture, complete with bright colors and crisp images.

HDMI

HDMI not only delivers superior digital video and audio, but also, connects both to the TV with only one cable.

Mobile High-Definition Link (MHL)

MHL allow streaming of contents from your compatiblesmartphone or tablet to Sceptre TV, which capitalize on the visually enhanced picture quality.

VGA

With the ability to connect your computer, laptop, monitor, or TV to all your favorite variety of input options, VGA inputs deliver superb analog video.

Energy Star V7.0

Products that are ENERGY STAR-qualified prevent greenhouse gas emissions by meeting strict energy efficiency guidelines set by the U.S. Environmental Protection Agency and the U.S. Department of Energy. The ENERGY STAR name and marks are registered marks owned by the U.S. government, as part of their energy efficiency and environmental activities.

USB Port

Let's you view your pictures as a slideshow or listen to your favorite music via the USB port. Just insert your flash drive into the USB port for the ultimate entertainment.
