

MICRO-START

XP-10 JUMP STARTER
PERSONAL POWER SUPPLY

ANTIGRAVITY BATTERIES

The XP-10's reputation and performance is unrivaled, and it was recently honored as the "BEST RATED" Jump Starter by Consumer Reports. With its stunning ability to easily start Diesel Trucks up to 7.0 liters yet still fit in your hand, it has proven to be the go-to device for professional Mechanics as well as the everyday drivers and travelers. But not only does the XP-10 start most any vehicle easily it also charges Laptop Computers, 12v Devices and USB devices multiple times off one charge. The XP-10 does it all and is the ultimate in ultra-compact Personal Power Supply/Jump Starters market.

The latest XP-10 adds thermal protection to its Smart and Safe Clamps and UL listed battery cells. It has a very large 18,000mah of back-up power and offers 3 Power Ports to charge most any electronics including 19v laptops, 12v devices and USB devices. It comes with 2 USB ports so you can charge multiple USB devices like Cell Phones, Tablets, GoPro Cameras, Bluetooth Devices at the same time. It also it has a very bright built-in LED flashlight with SOS patterns to assist in lighting your way in the dark. The XP-10 is still small enough to fit in your pocket, purse or backpack and comes with everything needed in a leatherette case to jump start your
