WARNING:

FOR SELF-DEFENSE ONLY. The use of this device for any purpose other than self-defense is a crime under the law. Illegal use of this unit is punishable by imprisonment, fines or both. **Fire a test charge for only a one (1) second duration. Repeated test firing can damage the unit. The product warranty does not cover damage caused by related test firing.** You must make direct contact with attacker's body. The stun gun will have an effect anywhere on the body, but the maximum effect is in these areas: upper hip, upper shoulder and below the rib cage. Keep away from children. Check state laws for legality in your state.

CAUTION:

Keep away from children. Do not use around flammable materials or gases. Read and follow enclosed instructions before using.

DANGER — HIGH VOLTAGE

CHARGING INSTRUCTIONS:

SABRE Stun Gun Flashlight contains a Ni-MH (nickel metal hydride) battery. To recharge plug enclosed charger into bottom of the SABRE stun gun. Plug other end of charger into 110 V power outlet. The red light will turn on when the stun gun is being charged. Charge the stun gun for at least 12 hours before first use to maximize battery life. Recharge the stun gun once a week for 4 to 5 hours.

DIRECTIONS FOR USE:

To activate flashlight slide the thumb switch to the middle position.

This stun gun is equipped with SABRE's Stop Strap Technology. The Stop Strap must be plugged into the base of the stun gun for the stun gun to activate. If separated from the

Stop Strap, the stun gun will not activate. This feature helps prevent the stun gun from being turned against the owner. To activate the stun gun, ensure that the Stop Strap pin is inserted into the Stop Strap plug on the base of the stun gun and insert your wrist through the Stop Strap. Slide the thumb switch to the forward position then push the red stun activation button with your thumb. The electronic shock will run through the probes at the end of the stun gun. To stop firing, release pressure from the stun activation button. Slide the thumb switch to the rear position.

WHEN TO USE YOUR SABRE STUN GUN The idea is to be prepared. Have the stun gun with you and immediately accessible. Be prepared to protect yourself at all times, especially when walking alone, entering/exiting buildings, hallways, elevators, parking lots, etc. In certain situations or areas, you may prefer a more concealable self-defense option in which case a SABRE pepper spray provides an excellent option. Be prepared to protect yourself should you encounter motor vehicle problems.

IMPORTANT: This device is NOT effective against all people. Never rely completely on any personal safety product, including stun guns.
