NFC Bluetooth Stereo Headphones

Audition

www.avantree.com

1. Headset overview

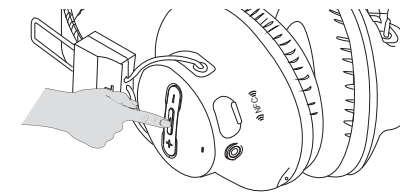

NOTE: All accessories are also available on avantree.com

- 1 -

2. Connect with mobile phone

- STEP 1** Turn Audition off (press and hold MFB button for 2s).
- STEP 2** Press and hold MFB button for 5-7s until LED indicator flashes blue and red alternately.

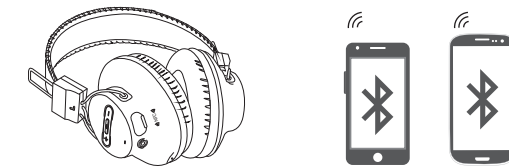

- STEP 3** Activate Bluetooth on your phone and select "Avantree Audition".

- 2 -

3. Connect with two mobile phones simultaneously

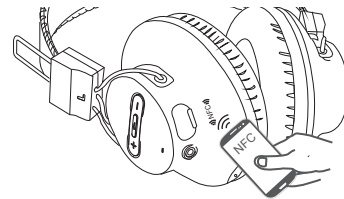

- STEP 1** Connect headset with the first phone as above. Then Turn off the headset.
- STEP 2** Connect headset with the second phone as above.
- STEP 3** Tap and select "Avantree Audition" on the first phone to connect it.
- STEP 4** Now the headset has connected with the two phones simultaneously.

- 3 -

4. Connect with NFC enabled mobile phone

- STEP 1** Make sure NFC function is turned on from your phone and that the screen is active and unlocked.
- STEP 2** Hold the NFC mobile phone against the NFC zone of the headset (the NFC logo).

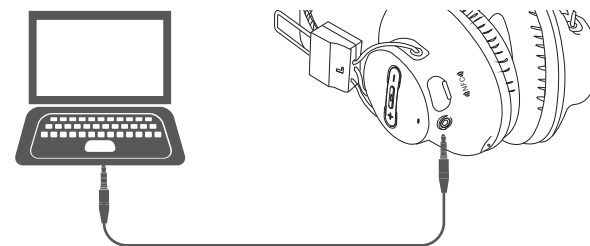

NOTE: Since NFC antenna is located in different position of phone, it is helpful to know the position for fast pairing. For details on NFC, see your phone's user manual.

- 4 -

5. Connect with non Bluetooth enabled devices

When the device is not Bluetooth enabled, or battery of headset is low, you can use the 3.5mm audio cable to stream music, just connect the cable to the device.

NOTE: The buttons and microphone on the headphones will not work under this situation.

- 5 -

6. Connect with PC/notebook

- STEP 1** Turn Audition off (press and hold MFB button for 2s).
- STEP 2** Press and hold MFB button for 5-7s until LED indicator flashes blue and red alternately.
- STEP 3** Activate Bluetooth on your PC/notebook and select "Avantree Audition".

NOTE: Make sure PC/notebook is Bluetooth enabled and supports A2DP profile, otherwise you may need a Bluetooth audio adapter to add the feature on PC/notebook that do not. For details on how to set up with PC/notebook, please see support.avantree.com.

- 7 -

8. How to charge

When the LED blinks red, you should recharge your headphones. Please remove the micro-USB protector and charge the headphones via the supplied USB to AC adapter or PC USB port. It normally takes about 3 hours to fully charge the battery. The LED will stay red when charging and will turn off when charging is complete.

NOTE: AC adapter requirement 5V / 500mA-2A.

9. How to restore Audition to Default Settings?

You may need to reset your Audition if it's not working as expected. Under standby mode, press and hold "V+" and "V-" for about 7 seconds until the indicator flashes blue and red together very quickly about 2 times (seems pink). Now your Audition has been restored to its default settings. After powered on again, it will enter pairing mode directly.
