

# ASSEMBLY

# QUICK START GUIDE

### Step 1: Easily Insert Battery Pack

### Step 2: Battery Power Check

---

#### In Use

Full Charge    Mid Charge    Low Charge    Nearly Empty    Power Off

#### Charging

Low Charge    Mid Charge    Nearly Full    Full Charge

**NOTE:** J22 Battery Pack comes with a partial charge. Full charge prior to first use and then feel free to use it until its battery is fully drained to condition the battery pack. Full charge takes approximately 4-5 hours.

---

### Step 3: Touch the MODE Switch to Adjust Suction

### Step 4: Emptying the Dust Cup

### Step 5: Clean the Dust Cup and the Filter

### Step 6: Clean the Floor Brush Head

Brush indicator lights on continuously under normal circumstances.

If the brush roll is entangled in debris, the brush indicator will blink.

When this happens, please turn off the vacuum cleaner and clean the brush following introduction on motorized floor brush head.
