- Prevents injuries associated with electrical receptacles
- Meets National Electric Code (NEC) requirements
- UL approved
Device Configuration
Adding your device to a Z-Wave network
Once the hub is ready to add your smart outlet, press and release the button on the smart outlet to add it in the network.

To remove and reset the device
Once the controller is ready to remove your device, press and release the button on the smart outlet to remove it from the network.

To return to factory defaults
Press the button 3 times, then press and hold the button for at least 3 seconds. The LED will blink 5 times to confirm.
