Sliding gently and smoothly
Installation Instruction

Step 1: Separate drawer and base portion before mounting with provided lever.

Step 2: Make sure the slides are leveled during the installation process.

Step 3: Place the outer member flush with the front edge of cabinet.

Step 4: Mount the screws in the permanent mounting (Breathing) holes.

Step 5: Adjust and level the inner member, mount the screws in the permanent mounting holes.

Step 6: Move the metal retainer to the front of cabinet member and insert the drawer box carefully.

Installation Precautions

- 0.7±0.02” / 19±0.5mm
- 2” / 53mm

Space Between Drawer and Cabinet

Drawer floor
How to Chose Size

Measure the depth of the drawer (for example, if the depth is 13in/330mm, choose 12in/300mm drawer slides. Deviations of 0.7in/20mm-1in/30mm are suitable).
