Please read the following safety warnings and precautions before using your device.

1. **Introduction**

   Thank you for purchasing YOYO. An innovative portable speaker and amplifier. This device can be easily connected with audio or video devices for your traveling and daily needs. The speaker supports both Bluetooth and AUX-in function. It's also waterproof.

2. **Battery Precautions**

   The device is powered by a built-in rechargeable lithium battery. Please charge the battery at least 8 hours before your first use of device.

   - If the device is not used for a long period of time, the battery may be out of power. Please charge the battery.
   - Rechargeable batteries are only to be charged under adult supervision.
   - Use only the supplied micro USB cable to recharge the battery.
   - Improper charging may damage the battery and the device.
   - Do not attempt to open the rechargeable battery or battery pack.
   - There are no serviceable parts inside.
   - Should a battery leak, the device may become damaged. Clean the battery compartment immediately, avoiding contact with your skin.
   - Keep the battery out of reach of children. If swallowed, consult a physician immediately.
   - Avoid storing the battery in extremely hot or cold environment. A device with a hot or cold battery may not work temporarily, even when the battery is fully charged.
   - Do not dispose batteries in a fire as they may explode. Batteries may also explode if damaged. Please dispose them according to local regulation. Do not dispose them as household waste.

3. **Battery Charging**

   The device has a built-in rechargeable lithium battery that can be charged by connecting to the USB port of your computer or into an AC adapter which contains a USB port. When charging is completed, the red light will go off.

4. **Product Care**

   Your device is designed to be light, compact and durable. As an electronic device it must be treated carefully. Putting unnecessary pressure on it or striking the device against other objects can cause damage.

   - Do not drop, crash, or apply excessive force to the device.
   - Although its have waterproof function, but do not throw it in water, the waterproof level is four. Do not expose your device to the extreme or prolonged heat, cold, humidity, or other adverse conditions. Avoid storing it in damp, humid or wet places.
   - Do not operate or store unit places with frequent static electricity or electrical noise (eg. speaker, TV set).
   - Clean the unit with a soft cloth or damp chamois leather. Never use solvents. The unit can only be opened by qualified personnel.
   - This device contains magnets. Keep magnetic field sensitive products such as credit cards and video screen away from this device to avoid damage or malfunction.
