Important safety instructions: read carefully and keep for future reference

Structure

1

A. IMPORTANT SAFETY INSTRUCTIONS

READ ALL INSTRUCTION CAREFULLY BEFORE USE. THE APPLIANCE IS FOR HOUSEHOLD INDOOR USE ONLY.

1. Allow at least 60 inches of space between the sides of the appliance and water or fire source.

2. Proper grounding must be ensured to reduce the risk of electric shock and fire. **DO NOT CUT OR REMOVE THE GROUNDING PLUG.**

3. Unplug from outlet when not in use and before cleaning. Allow unit to cool down before taking off parts and cleaning the appliance. Clean the appliance with wet cloth instead of water directly.

4. In order to avoiding the water dripping issue, before using this appliance, **PLEASE MAKE SURE TO APPLY THE ARTICLE WITH WASHING MACHINE SPIN CYCLE FIRST.**

5. Use only on the flat, dry and heat-resistant surface.

6. To protect against fire, electric shock and injury to person, do not immerse cord, plug or the appliance in water or any other liquid.

7. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner.

8. This appliance is not intended for use by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by person responsible for their safety. Keep away from Children. Close supervision is necessary when the appliance is used by or near children. Please ensure the children do not touch or play with the appliance.

9. Do not touch, cover or obstruct the metal parts on the heater/blower at the bottom as it is extremely hot and may cause burn.

10. Clothes and other articles to be dried should be able to endure at least 167 °F or above. The maximum weight of clothes is 22lbs.

11. Do not repair or replace any part of the appliance or attempt any servicing unless specifically recommended by the user-repair instructions, which you fully understand and have the ability to carry out. If for any reason this product requires servicing, we strongly recommend that a certified technician performs the service.

12. Do not store or use gasoline or any other flammable vapors and liquids in the vicinity of this or any other appliance. The fumes can create a fire hazard or explosion.

2

B.Features

1. Use only with a 120V AC power outlet. It plugs into a regular outlet, and uses less energy.
2. It does not rotate. The dryer works with air flow.
3. Lightweight, easy to assemble and disassemble. This appliance is the ultimate space saver.
4. Do not damage clothing like traditional tumble dryers, suitable for every type garment.
5. Powerful but quiet motor, will dry your clothes quickly and without noise.
6. No vent or special outlet needed.
7. High efficiency. It takes up 1-3 hours to dry.
8. PTC heating-element, different from tradition heating method, to ensure maximum safety.

C.Specifications

Gift Box Size: 21 * 11 ¼ * 9 ½ inch
Net Weight: 8.5lbs
Rated Voltage: 110-120V
Rated Frequency: 60Hz
Rated Power: 900W
Rated Maximum clothes to be dried: 22lbs
Maximum Drying Time: 180 Minutes

D.Parts and Components Table

Parts	Qty
Folding Clothes Rack	1
Upper Support Pole	1
Support Pole Connector	1
