Name and Control Each Device by Voice
Thank you for purchasing your Lumary smart home product. Make sure your devices are already set up using the Lumary app, then follow these steps.

Contents

Google Assistant 2-7
Amazon Alexa 8-13
Voice Control Quick Guide for Google Assistant

To control your Lumary smart switch, plugs, or surge protectors, just say “OK Google,” and ask.

Make sure your devices are already set up using the Lumary app.
Things you can say*:

“Hey Google, turn on all the lights in my bedroom.”

“Hey Google, turn off fan.”

“Hey Google, set the bedroom light to orange.”

“Hey Google, turn off the coffee machine.”

“Hey Google, set the living room to 50%.”

“Hey Google, dim porch light.”

*Some commands require compatible devices.
Voice Control Quick Guide for Google Assistant

1. Open the Google Home app and go to Home Control in the menu.

2. Tap the “+” button.
3
Choose Smart life
the list of Home
Control partners.
Voice Control Quick Guide for Google Assistant

4

Authorize your account with Google Assistant using the username and password from your Lumary app.

Now your Google Home app and Lumary devices are linked!

You’re now able to say “OK Google” and control your Lumary devices.
At any time, go into the “Home Control” section of the Google Home app to set nicknames and rooms for your devices.

You can rename your devices in the Lumary app, and Google Assistant will refer to them by the same name.

So if you rename a smart bulb to “Living Room” or a nickname like “Blossom,” then Google Assistant will use that same name later on. You can always give it a nickname using the Google Home app as well.

You can also assign switch to a specific room, like “Bedroom” or “Kitchen.”

Google Assistant will be able to control devices by room.
Voice Control Quick Guide for Amazon Alexa

To control your Lumary smart switch, plugs, or surge protectors, just ask Alexa.

Make sure your devices are already set up using the Lumary app.
Things you can say*:

“Alexa, discover my devices.”

“Alexa, turn on the bedroom light.”

“Alexa, set the bedroom light to orange.”

“Alexa, turn off the coffee machine.”

“Alexa, set the living room to 50%.”

“Alexa, dim porch light.”

*Some commands require compatible devices.
Voice Control Quick Guide for Amazon Alexa

1. Open the Alexa app and go to Skills in the menu.
2 Search for Smart life then tap Enable.

3 Authorize your account with Smart Home Skills using the username and password from your Lumary app.
Choose “Discover Devices.” After a few seconds your Lumary devices will be displayed under Smart Home in the Alexa app.
You can rename your devices in the Lumary app, and Alexa will refer to them by the same name.

So if you rename a smart switch to “Living Room” or a nickname like “Blossom,” then Alexa will use that same nickname later on.

Alternatively, you create an Alexa group, like “Bedroom” or “Downstairs,” and add the device to the group.

Alexa will recognize the group name in the Alexa app, or the device name in the Lumary app.
