

ALTO 5

2.0 Channel Sound Bar

Key Features:

Finely tuned premium sound
Specialized sound modes
Wireless music via Bluetooth
All cables included
Ideal for 43" TV and above
IR Pass-through

Stunning Sound. Made Simple.

TCL's Alto 5 delivers stunning sound with a quick, easy setup. The sound reverbering from Alto 5 has been specially tuned to deliver what the artist intended, delivering loud and clear sound at any volume. With two integrated Bass Ports in the sound bar, you can experience deep lows for a richer home theater and music listening experience. Enjoy your favorite entertainment even more with three distinct listening modes – Movie, Music, and News. The Movie mode lets you hear the dialogue with precise clarity and feel the impact of punches or explosions in intense action scenes. Music mode enables you to hear instruments, vocals, and bass with pristine accuracy. Finally, News mode isolates ambient sound from speech, enabling you to focus on content without getting

distracted by background noise. Furthermore, Alto 5 is equipped with Bluetooth for easy wireless music streaming.

Superb sound quality has been matched with a hassle-free setup. Along with set up instructions, Alto 5 comes with all the cables that you would need to get started. Alto 5 comes with an IR pass-through cable, allowing you to access your TV from the TV remote, irrespective of sound bar placement. Additionally, wall mounting is made easy with the included kit, complete with a mounting template to ensure that you get it right the first time. When Alto 5 is set up, control it using your TCL Roku TV remote for ease of use and to reduce clutter.
