C At a Glance

D Using the Earbuds

1. Fitting and wearing

Ear tips in different sizes

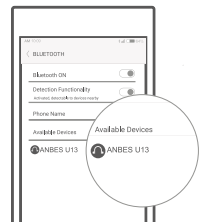

Gently push the earbud into your ear canal and adjust the ear hook to get a comfortable fit.

2. Power On/Off and Pairing

Power On: Long press the MFB Key for 3 seconds until LED indicator flashes red and blue alternately and it'll automatically enter the pairing mode.

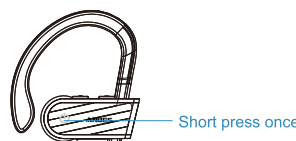

Power Off: Long press the MFB Key for 3 seconds until the red indicator light flashes 3 times and going off.

Activate the Bluetooth function of your mobile phone, search and select "ANBES U13" from the list to connect. (It will connect to the last paired smart device automatically when it turns on next time.)

3. Answer/End a call

When there's an incoming call (the earbud will speak phone numbers), short press MFB Key once or use the phone key to answer; press again to end it.

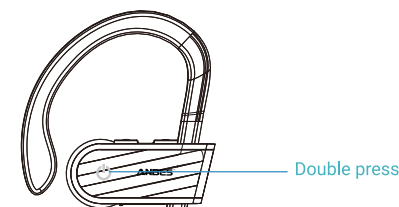

4. Reject a call

When there's an incoming call (indicator flashes blue), long press MFB Key for 1 second to reject.

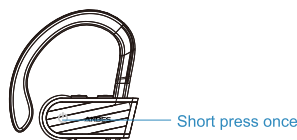

5. Redial last number

Under headset connecting state, double click MFB Key, you can reach re-dial.

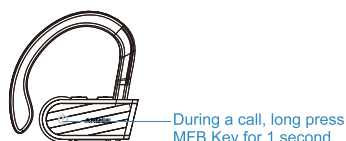

6. Play/Pause

Short press the MFB Key to pause and press again to play when playing songs.

7. Transfer voice between headset and phone

8. Connect two devices at the same time

- Follow the pairing process to connect the headset "ANBES U13" to Phone 1 and then turn off the headset and Bluetooth of your Phone 1.
- Long press MFB Key to enter pairing mode again. Follow the pairing process to connect the headset to Phone 2.
- Go back to Phone 1 and connect the headset "ANBES U13" once again. You'll find that two phones are connected to this headset at the same time.

When you're listening to music on Phone 1, now someone call Phone 2, you can short press MFB Key to answer the call of Phone 2. When you're answering Phone 1, now someone call Phone 2, you can double press MFB Key to answer Phone 2 and hold on Phone 1.

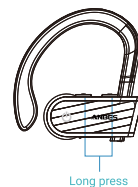

9. Adjust volume

When on a call or playing music, short press Vol+/- once.

10. Next/Previous song

When playing music, long press Vol+/- for 1 second

11. Charging

When the battery level is low, you will see the indicator flashes red and hear a voice prompt. The LED indicator light is red when charging, and lights up blue when fully charged. (You can't use it when charging.)

12. Clear pairing information (Reset)

During charging, long press MFB Key until the indicator flashes blue.

F FAQ

- Q: What should i do if the headphone doesn't work?
A: At first, make it full charged. Second, clear pairing information (see the "reset" section) and pair with your smart device once again (see the "pairing" section).
- Q: Why the connection is not stable and cuts out intermittently?
A: Please make sure there are no objects between the headset and your bluetooth device; please make sure there is no radio or WIFI interference nearby.
- Q: Can I use the headset while it is charging?
A: NO, you cannot use the headset while it is charging.
- Q: I have established connection with my smartphone, but I am not hearing any sound?
A: Please make sure that you turn up the volume of both devices.

- Q: The sound is not very clear/the caller cannot hear my voice clearly.
A: Please adjust the volume on you phone and headset. Make sure there is no source of interference nearby. Stay close to your smartphone.
- Q: Is this headphone waterproof?
A: Yes, the headphone use NANO COATING technology to prevent water from entering within 1 meter. You should avoid it exposing to water or deep water for a long time.
- Q: Does this headphone support fast charge?
A: No, it doesn't.
- Q: Can this item be used with a TV which has Bluetooth?
A: No, it can't. Your TV can't connect the headset after the TV is connected to the remote control.

- Q: How can i know the battery of this headphone?
A: When it has been connected with your smart devices, the battery will show on the screen. When the battery level is low, the LED indicator flashes red and hear a voice prompt.
