Setup Your Kit

- 1 Connect the Hub to power and your internet router using only the cables provided.

Avoid power strips and switched outlets

2

Download and install the latest INSTEON for Hub App from your device's app store.

Scan the QR Code and
tap your store.

3

Connect to the same network as the INSTEON Hub and launch the App.
Create a new account.

Add Devices

Follow the on-screen instructions to add your Dimmer Modules.

Remote Access

You can monitor and control your devices when away if you setup Remote Access. Go to Settings > House > Remote Access Guide to configure port forwarding.

We're here to help. Contact INSTEON Support at 866.243.8022.

Create a Schedule

Schedules can be set for individual devices or entire scenes. Go to Settings and tap Schedules.

Add More Control

Control everything from light switches to pool pumps with additional INSTEON devices.

For the full INSTEON product family,
including wall switches, keypads,

Add Sensors for Alerts

Let INSTEON sensors monitor your home for you, keeping track of motion, doors & windows, water leaks, smoke and even your garage door.
