PRODUCT FEATURE

Multi-Function Button (MFB):
Answer/End a call: Single click
Reject a call: Press & hold for 2 seconds
Redial: Press twice
Play/Pause Music: Press once

CHARGE HEADSET FOR AT LEAST 2 HOURS

- Red LED will light up when charging.
- Red LED will turn off once it's fully charged.
- Be sure headset is powered off before going to next step.

PAIRING YOUR SB221 VIA BLUETOOTH

- In the power-off mode, press and hold the multifunction for 7-9 seconds until the LED alternately flashes between red and blue.
- Pair with your device via search/add new Bluetooth on the media device.
- The SB221 will beep as confirmation that the headset has paired with the media device.
- If a PIN code prompts, enter 0000.

CONFIRM SUCCESSFUL PAIRING

Your device will show that SB221 is “paired.”

Unsuccessful pairing:

1. LED may still be flashing red and blue, search on your device again for new device.

2. If the paring is still unsuccessful, power down by pressing and holding down multifunction button for 4 seconds and then re-start from previous step “Pairing your SB221 via Bluetooth,” or contact SoundBot at support@volcus.com for additional supports.

3. SB221 will automatically exit pairing mode within 5 minutes of idle time or inactivity and shut down in another 5 minutes.

OTHER CONTROLS

- Mute/Unmute the microphone during a call: Press & hold - button for 3 seconds.

- Transfer calls between SB221 and the mobile phone: Press & hold + button for 2 seconds.

VOICE COMMAND (On Supported phone only)

- Voice dialing for supported Siri or Android devices: Press both + & - button simultaneously, followed by an alert tone to indicate activation of the voice dialing function. Say the desired command or name from the phone contact list to dial.

GENERAL USE AND NOTICES

Please read the following information before using this product. Users are not permitted to make changes or modify the product and the accessories in any way.

1. Do not use the product while operating a motor vehicle.
2. To avoid electronic interference and/or compatible conflicts, TURN OFF the product in any facilities where posted notices instruct you to do so. For example: Aircraft, Military Base, Hospital or Health Care Facilities.
3. To avoid impairing your hearing in the long-term operation, keep the headset volume at the moderate level.
4. Keep away of fire, water, and high voltage equipments.
5. Follow the charging procedure described in this guide to charge the product.

CHARGING THE BATTERY

SB221 uses a rechargeable battery. A normal charging process takes about 2-3 hours. The red LED will turn off when charging is completed.

When the battery is nearly used up, the red LED will flash twice every 15 seconds and there will also be a sound alert from the headset. Please re-charge the headset.

Please make sure the battery has been fully charged your first 3 uses to ensure the battery's best performance.

Always use correct AC Power Adapter to charge the headset.Using any incorrect power supply device will cause damage and void the warranty. Upon completion of charging, please unplug the charging cable from SB221. Do not put and leave the headset in charging mode after it's fully charged. This will shorten the lifetime of the battery.

Do not use the headset in extreme weather condition. It is recommended to keep the environment temperature between 15 and 25 degree. Do not install, place or use the headset near any source of heat such as a stove, radiator, oven, toaster, coffee maker or other apparatus (including microwave oven) that gives off heat.

SAFETY INSTRUCTIONS

Keep the unit away from extreme weather to protect the unit against electric shock, explosion and/or body injury.

Do not use the unit if it has been dropped or damaged in any way. Do not expose batteries or battery pack to excessive heat, such as direct sunlight or open flame.

Keep the product out of reach of children. Do not use the headset at excessive levels as it may damage hearing.

Do not puncture or disassemble the exterior surface of the product in any way.

Keep the unit free from dust, lint, etc. Do not use this unit for anything other than its intended use or purpose. Doing so may damage the device.
