

HyperX Alloy FPS Pro Mechanical Gaming Keyboard

Ultra-compact tenkeyless keyboard tuned for FPS pros.

The HyperX™ Alloy FPS Pro is for the FPS gamer who wants a reliable, accurate tenkeyless (TKL) keyboard to maximise their desktop space. This 87-key keyboard provides everything a pro player needs, but without the number pad. Alloy FPS Pro features reliable, responsive CHERRY® MX Red keyswitches, and its tough solid-steel frame ensures you'll have a stable platform during the most important parts of your games. The ultra-minimal design and detachable cable make the keyboard supremely portable, but it's still packed with features: Game Mode, 100% anti-ghosting, N-Key rollover and HyperX red lighting and dynamic effects to accentuate your system's style.

- Ultra-minimalistic tenkeyless (TKL) design ideal for FPS pros
- Solid steel frame
- CHERRY® MX mechanical keyswitches
- Portable design with detachable cable
- Game Mode, 100 per cent anti-ghosting and N-key rollover functions
- HyperX red backlit keys with dynamic lighting effects

HyperX Alloy Elite Mechanical Gaming Keyboard

FEATURES/BENEFITS

FPS Pro keyboard with space-saving tenkeyless design

Smaller footprint without number pad maximises desktop space for greater mouse movement to enable dedicated FPS players to take their games to pro levels.

Steel frame durability

The sturdy metal alloy top plate is designed to ensure a stable platform during play.

Reliable CHERRY® MX mechanical keyswitches

Ultra-rapid response CHERRY MX red keyswitches ensure precision contact and matchless reliability.

Supreme portability

Minimalist design with detachable USB cable reduces storage bulk, cable damage and offers easy portability.
