Allure™ 100 shown with orange flame color option

FIND YOUR HAPPY (fire)PLACE.

Throughout the ages, people have gathered around fires to share in life's greatest joys.

There's just something about the glow of flickering flames that makes special moments feel even warmer.

A Napoleon fireplace is uniquely designed to brighten the vibe of any room in your house. Napoleon has an incredible range of designer options to fit any vision.

A fire not only raises the warmth and ambiance of a room, it can raise the value of your home. A fireplace offers some of the highest returns of any remodeling project. And that should make you feel good all over.

And so you can keep enjoying that positive glow for years and years and years to come, every Napoleon fireplace is backed by a solid warranty.

We are proud to be recognized as one of Canada's Best Managed Companies and are dedicated to providing quality, home comfort products for over 40 years and counting.

Azure™ 42

A 42 inch linear electric fireplace that is perfect for those wanting an aesthetically pleasing focal point in their room without the need for venting. The high intensity LED lights make it one of the brightest electric fireplaces available, making it perfect for both night and day use. The Azure™ 42 electric fireplace features three different flame color settings which create a variety of looks to match or enhance any room in your home. The convenient wall hanging installation allows a quick and easy transformation of living rooms, kitchens, bathrooms, waiting rooms and offices.

Azure™ 50

The Azure™ 50 linear electric fireplace is perfect for those wanting an aesthetically pleasing focal point in their room without the need for venting. The high intensity LED lights make it one of the brightest electric fireplaces and can be used in daylight or after dark. The Azure™ 50 electric fireplace feature three different flame color settings to match or enhance any room in your home, a generous glass front and a clear glass ember bed to complement the crisp, clean design. The convenient wall hanging installation allows a quick and easy transformation of living rooms, bedrooms, kitchens, waiting rooms and offices.

Azure™ Vertical 38

The Azure™ Vertical electric fireplace is a stunning statement piece for any small or large area without the need for venting. Never sacrifice your personal style again by giving yourself ample choices! Customize your Azure™ Vertical 38 electric fireplace by choosing from one of three color settings, for not only the CRYSTALINE™ ember bed but the back lit NIGHT LIGHT™ as well. Enjoy the convenience of a “Hang, Plug and Go” fireplace or choose a recessed installation for a sleeker low-profile look. Whatever you do, make sure to sit back, relax, remote in hand and enjoy the memories around your new Azure™ Vertical 38 electric fireplace.

Allure™ Series

Making a statement with an Allure™ Series fireplace is easy. With six lengths to choose from, every Allure™ fireplace sparkles with a crystal ember bed and three different color flame options; orange, blue or combined. Control the appearance as well as temperature and blower with the included remote control. Any Allure™ series fireplace can simply be plugged in and placed on a table or hung on a wall for instant satisfaction. What makes these fireplaces special is the ability to be fully recessed into the wall thanks to placement of front vents. The only difficulty now is deciding which one you want.

Outstanding Features

of Napoleon's Advanced Technology

Reliable LED Technology

Napoleon's electric Azure™ and Allure™ series both offer reliable LED technology for added convenience. LED lights are extremely energy efficient and long-lasting saving you the hassle of having to change out light bulbs. Plus LED lights are high intensity providing a product you can enjoy during both day and night time.

Hidden Touch Screen Controls

The Allure™ Series touch screen controls allow you to adjust the fan, heat level, flame height and brightness. At the touch of your finger you can set the thermostat to a desired temperature, plus use the timer to control hours of operation.

A Space-Saving Convenience

Offering a wide variety of lengths ranging from 32" to 100" and even a vertical option, Napoleon has an electric fireplace for any room in your home or office.

Front Vent Heat

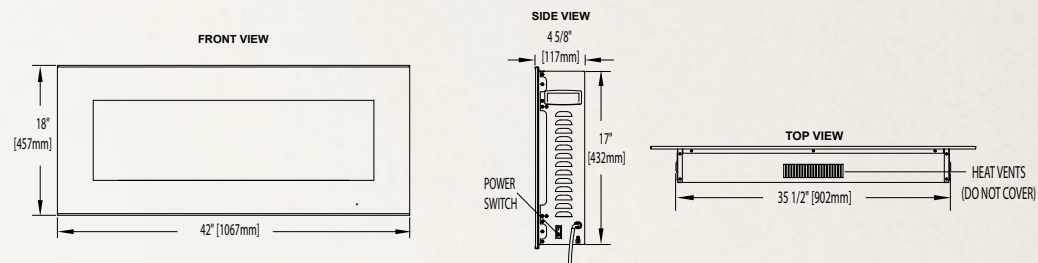

Napoleon's Electric Allure™ fireplaces have been designed with front vents, allowing you the option of a fully recessed or convenient wall mount installation.

Flexible Installation Options

The Azure™ Series electric fireplaces can be partially recessed (excluding the Azure™ 42) for reduced protrusion into the room. All of the Allure™ Series fireplaces are designed with front vents so they can be fully recessed for a sleek and non-existent foot print in your room.
