KOLLER★CRAFT

consumer branded pet products

Our Beginning...

Originally founded as Hawkeye International in 1985, the originator of small desk top aquarium kits which utilized one piece injection molded acrylic tanks. The popularity of these desk top aquariums soon revolutionized the aquarium industry, enabling consumers to own an aquarium without the expense and maintenance requirements that went along with large aquarium ownership.

Our Products...

Since the beginning, our goal has not changed – to develop and market high quality, innovative products that provide healthy environments, support and entertainment to our valued pets. We strive to develop truly unique and innovative products – making sure that these products fulfill the needs and requirements of each pet. Our R & D department's state-of-the-art product design process begins by looking at the behavioral, lifestyle and health requirements of pets and owners, creating pet products that promote positive interaction between the two.

Our Market Leadership...

KollerCraft continues to be a major manufacturer in the aquatic, dog and cat, small animal and reptile industries. We have accomplished this through industry leading designs, speed to market and pricing. We will continue to do so going forward by funding R & D substantially in order to develop new and innovative pet products and to consistently offer quality and performance surpassed by none as we bring these leading products to marketplace.

BLUE LINE

DOG TOYS

Why Blue Line?...

We've all heard that dogs can only see in black and white. But actually, they can also see the colors yellow and blue. That's why Pet Buddies introduced the Blue Line of dog toys. The color makes it easier for your pooch to see, find and fetch our toys.

PB1153 Pooch Blingerz Pendant

Chilly Bowl Water Dishes

Chilly Bowl is ideal for keeping your pet's water cold during hot weather. The sealed gel pack (included) is easy to use. Just place the gel pack in freezer, and after 1 hour, remove and insert in your dog's or cat's Chilly Bowl dish. Add water to the bowl and right away your pet will have refreshing cold water! Perfect for keeping your favorite pet from overheating.

Features:

- Single dish comes with 1 freezer gel pack and holds 12 oz. of ice cold water.
- Double dish comes with 2 freezer gel packs and holds 32 oz. of ice cold water.
- Made of heavy duty polypropylene
- Good for indoor and outdoor usage.
- Dishwasher safe.

FOR THE HIGH-END HOBBYIST

For 40 to 150 Gallon Aquariums

rapids pro wet dry filter system

Rapids Pro Filters TM1350 RP3

Rapids Pro Filter's distinctive design makes this state-of-the-art filter extremely efficient. Delivering complete biological filtration while greatly increasing beneficial gas exchange as water trickles over exposed Bio-Balls and highly porous Sintered Glass Cylinders, resulting in the rapid oxidation of ammonia and nitrite. Plus, the Rapid Pro Filter comes complete with a built in protein skimmer which superbly removes dissolved organic material.

INCLUDES:

- Large Capacity Filter
- Overflow Box (#TM1352)
- Bio-Balls
- All Hosing and Tubing
- Sintered Glass Bio Cylinders
- Protein Skimmer
- Pump with Venturi for Protein Skimmer
- Carbon Cloth Pillow
- Poly-Fiber Filter Media
- Rapids Submersible Pump 700gph

Protein Skimmer

TM1353 Auto Fill System (AFS)

This unique gravity fed water replacement system compensates for water evaporation, adding make-up water slowly back into the aquarium as needed. Holds up to 3.5 gallons of make-up water.

Item#	Item Name	Description	Case Pack	UPC Code
TM1350	Rapids Pro Filter RP3	40 gal up to 150 gal tank (72"x18") 700gph pump, 16"L x 8.75"W x 21"H	2	033153013504
TM1353	Auto Fill System (AFS)	Holds 3.5 gal of make-up water	2	033153013535

Consolidated Components In ONE Command Performance Filter System!

Rapids Pro Filter with UV Sterilizer

TM1425 RP90

The Rapids Pro with UV Sterilizer supplies optimum and efficient filtration for both freshwater and saltwater aquariums, engineered to deliver unsurpassed 3-stage filtration (mechanical, chemical and biological). This unique filter provides superb water movement, consistently processing waste and impurities so the aquarium's water quality remains ideal, all-the-while keeping the aquarium water crystal clear and your tank inhabitants healthy. UV Sterilizer effectively removes green water and aids in eradicating harmful parasites.

INCLUDES:

- 18 Watt UV Sterilizer
- Overflow Box
- 460gph Pump
- All Hosing
- Filter Media
- Rated up to 90 gallon aquarium

TM1352 Overflow Box

The patented Overflow Box with adjustable water flow gate provides surface skimming, removing aquarium surface contaminants. This uniquely designed overflow system has a built in safety feature that prevents flooding from occurring in the event of a power outage. When power returns, the system automatically resumes.

TM1300 Rapids Mini Canister Filter

IDEAL FILTER FOR NANO TANKS

The Rapids Mini Canister is a compact and efficient filter, providing 3-stage filtration; mechanical, chemical and biological. This filter has a self-priming, top mounted sealed motor which delivers an optimum flow rate of 80 gallons per hour. For aquariums up to 20 gallons, this canister is lightweight enough to hang directly on the aquarium.

TM1268 Rapids Mini Power Filter

With a powerful, high-flow rate, this efficient filter provides the best in 3 stage filtration, aerating and cleaning the water 80 gallons per hour.

TM1277 REPLACEMENT FILTER CARTRIDGES

Replacement cartridges for the Rapids Mini Power Filter TM1268

TM1301 REPLACEMENT FILTER MEDIA

Floss/Carbon Filter media for the Rapids Mini Canister TM1300.

TM1138 Surface Skimmer

Continuous siphon overflow efficiently skims dissolved organics and other waste material from the water's surface of your aquarium. The 360-degree intake float is positioned consistently at the surface and the flow control valve enables you to increase or decrease flow rate to your filter. Firmly secures to the aquarium wall with two suction cups. Flexible hose and attachments included enabling easy installation. Attaches easily to Wet/Dry or Canister filter, greatly increasing filter efficiency.

Item#	Item Name	Description	Case Pack	UPC Code
TM1268	Rapids Mini Power Filter	rated up to 15 gal aquarium	12	033153012682

TM1250 Mini Internal Filter

This submersible mini power filter combines silent, powerful filtration with user-friendly operation. Features adjustable flow control, compact design with suction cup mounts for easy aquarium attachment. Simple-to-change filter cartridge provides mechanical, chemical and biological filtration. Ideal for NANO tanks and other desktop aquariums up to 5 gallons. Adjustable flow rate from 10 gallons to 45 gallons per hour. Spray bar and directional flow diffuser included.

TM1413 3-PACK CARTRIDGE

REPLACEMENT CARTRIDGE FOR THE MINI INTERNAL FILTER (TM1250)

Highly porous foam block provides both mechanical filtration, (effectively removing aquarium waste), and biological filtration. The high grade activated carbon constantly purifies the aquarium water while removing water discoloration and odors. Sold in packs of three.

AQ0080F Mini Might Internal Filter

This compact internal filter is designed to fit all shapes and sizes of small aquariums. Mini Might provides optimum mechanical, biological and chemical filtration with easy to replace filter cartridge. With a flow rate of 45 gallons per hour and using only 4 watts, this internal filter is ideal for all desktop aquariums. Comes with adjustable hanger bracket.

MINI MIGHT CARTRIDGE REPLACEMENT

AQ0081	Single
AQ0083	3-Pack
AQ0086	6-Pack

Each pre-assembled cartridge slides easily into place, providing superior filtration and making replacement fast, dry and effortless. The cartridge effectively filters dirty aquarium water through double thick poly-fiber as fish waste and other debris are trapped. The premium activated carbon quickly removes other impurities such as odors and discoloration.

TM1204 Gang Valve Air Flow Adjuster

Two way gang valve controls air flow from air pump to UGF, air driven action ornaments or other multiple locations.

Air Line Tubing Connectors

TM1183 Check Valve

Protects aquarium air pumps from back-siphoning damage in the case of electrical failure, all-the-while preventing possible flooding. Place between air pump and aeration accessories.

Flexible Air line Tubing

Made from a unique blend of premium plastics, this air line tubing is exceptionally flexible and kink resistant. Easily cuts to desired length for water and/or air applications, marked every twelve inches. Connect from air pump to airstones, bubblewands or aerating action ornaments to increase gas exchange and create a unique world for your fish to enjoy.

AquaTunes®

sights and sounds

Lights... Sounds... Action...

AquaTunes® is the most exciting, new aquarium concept to be introduced in years. The AquaTunes® Series features the combination of crisp, bright LED lighting and cutting-edge technologies for high-quality audio playback.

SO MUCH TECHNOLOGY IN SUCH A SMALL PLACE.

AquaTunes® are the first aquariums that provide their owner the opportunity to download their favorite tunes, transfer to a -128 MB microchip (included) and play music back through a micro system of high quality speakers.

The playback unit also features pause, stop, fast-forward, reverse and play functions.

The chip provided comes preloaded with soothing sounds of nature for relaxing in an office, bedroom or dorm room.

COMPATIBLE WITH I-PODS®, I-PADS®, SMARTPHONES AND OTHER MP3 PLAYERS.

This feature allows the AquaTune® owner to enjoy their own library of music by simply plugging their device into the playback unit.

LED LIGHTING... VISUAL EXCITEMENT 10 DIFFERENT WAYS.

The built-in LED light allows you to set the mood with the touch of a button. Including:

INDIVIDUAL COLORS - Blue • Green • Red • White or All Colors At Once.

QUICK CHANGE - Light colors change from color-to-color.

COMBO COLORS -
White/Red • Red/Blue • Blue/Green • Green/ White

FADE SETTING - All colors will fade off then back to full on.

BLENDING COLORS - Two separate settings for colors to blend from one to another, quickly or slowly.

Each AquaTune® Aquarium Kit Features:

Quality Sounds from the built in MP3 Player with Dual Speakers for volume, pause, fast foward, rewind and play.

Multi-function LED Lights with 10 different light settings for various color options and effects.

Compatible with smartphones, iPods®, iPads® and other MP3 Players. Plug it in and enjoy your own music library.

BONUS

Includes 128 MB sound chip ready to hold hundreds of your downloadable songs. OR enjoy the soothing nature sound effects already preloaded on the chip.

Life & Style™

aquatic decor series

DECORATIVE ROOM ACCENTS FOR TODAY'S LIFESTYLES

Life and Style Aquariums feature energy efficient LED lighting. Each model features multiple LED colors and blending effects.

From contemporary styling to more traditional designs, the Life and Style Series will provide the perfect accent to any room environment.

BETTA TREASURES

OCEAN TREASURES

The Life and Style Series takes the aquarium experience to a whole new level. Aquariums have always been interesting and soothing to watch, but conventional aquariums, with their harsh rectangular shapes and monotone color schemes, have never really evolved to be an attractive room accent...

...UNTIL NOW.

The Life and Style Series features a fundamentally-sound aquarium, while offering a unique, attractive enhancement to any environment.

BETTA TREASURES

Betta Treasures takes a traditional globe bowl and enhance it with a choice of stylish pedestals to display in any room setting. Easy to set up and maintain, this decorative piece adds a punch with crisp, bright underglow lighting.

The Betta Treasures come with:

- 1 Gal. Shatterproof Globe
- Decorative Base
- LED Underglow Lighting
- Glass Pebbles

Oxygen Stones

TM1164 Tear-Off Card of 6
TM1165 Box of 5

Oxygenates your aquarium when loss of electrical power occurs, or when transporting your fish. This small cylinder generates oxygen when immersed in water enabling you to keep fish alive without the use of an air pump. Works by chemical reaction, oxygenating the water for 1 month. Not effervescent where bubbles are seen but by a chemical reaction where two substances react together and create oxygen. Not reusable after opened. Suitable for both freshwater and saltwater. Active ingredients: Calcium Hydroxide and Calcium Peroxide. Recommended usage – 1 cylinder per 10 gallon with normal bio-load.

Dip and Pour

TM1294 Regular
TM1295 Large

Multi-purpose for holding or transferring fish. Easily hangs onto the side of your aquarium, providing an isolation tank for sick or unfriendly fish. Also ideal for holding plastic bags while catching and transporting your fish. Features a pouring spout.

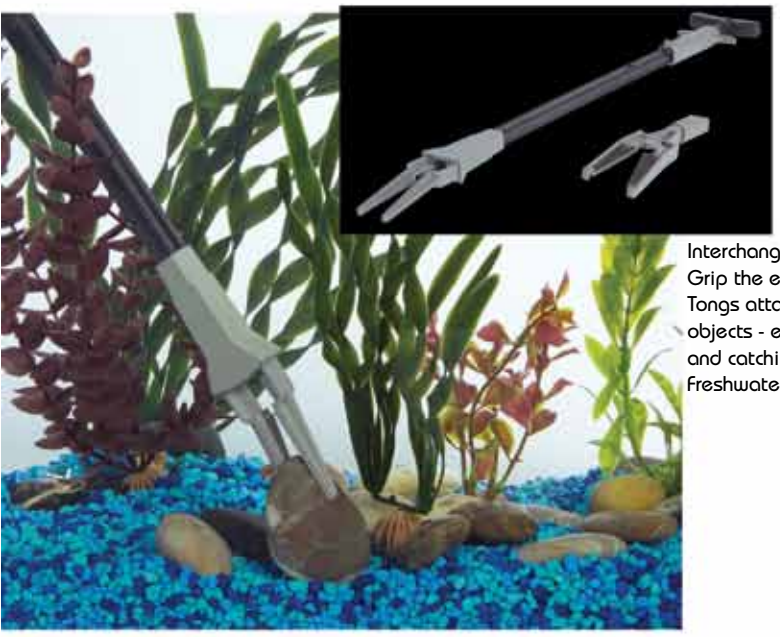

TM1265 Baby Nursery

For live bearers and quarantine. Multi-purpose nursery safely separates newborn fry from mother and other fish. Water is filtered from the aquarium through the air-stone driven filter and circulated throughout the nursery. The built-in filter can be easily transferred from one side of the nursery to the other.

- Use as a maturation tank for fry, or Isolation tank for aggressive or injured fish.
- "V" partitions afford maximum protection
- Side vents allow for optimum water flow through the air-stone driven filter.
- Removable center divider allows for two pregnant fish to be safely isolated.

TM1010 Aquatic Gardener

Interchangeable attachments make aquatic maintenance easy and enjoyable. Grip the ergonomic lever to manipulate attachment tongs or trimming scissors. Tongs attachment can be used to plant aquarium plants or to pick up small objects - even in tight places. The scissor attachment is ideal for trimming plants and catching cut-off pieces for easy removal. Tools are lightweight and buoyant. Freshwater or saltwater usage.

TM1290 Easy Algae Scraper

FOR GLASS OR ACRYLIC AQUARIUMS.

The hand held scraper is optimum for those difficult to reach areas. Comes with two attachments, stainless steel blade and plastic acrylic blade.

TM1427 Attachment

with plastic acrylic blade.

Multi-Tool Algae Scraper

FOR GLASS AQUARIUMS ONLY.

Durable, easy to use algae scraper with strong handle plus ergonomic grip for comfortable use. These multi-tool scrapers are available in three sizes; 14", 22" and extra long 34". With three interchangeable attachments, this tool takes care of all your tank maintenance needs.

TM1238	14"
TM1239	22"
TM1240	34"

TM1292 Quik Algae Scraper

FOR GLASS OR ACRYLIC AQUARIUMS.

Quik Scraper works perfectly on tough algae and unlike razor blades won't rust. Ideal on coralline algae. More economical than other types of algae scrapers.
