DIAGRAM

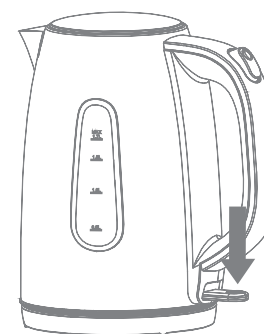

STEPS FOR USAGE

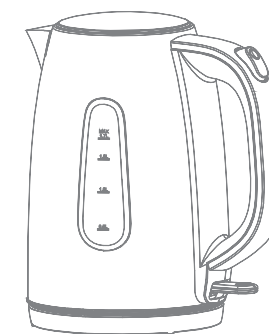

1.Filling water

2.Position kettle

3. Turn on

4.Auto shut off

vinegar,lemon juice

At first time use, please add water to max capacity and boil 1-2 times and pour water out to clean the kettle housing and heating plate. After several times using, please fill a little vinegar into kettle, leave it overnight and rinse it on next day to clean scale.

Please hold the handle of kettle not to touch body of the kettle, the exterior of kettle is stainless steel, it will be very hot when water is boiling.

Wipe the appearance of body with damp cloth or cleaner, not use poisonous cloth.

When not use or storage, the power cord may be wind under bottom of kettle, and keep dry to store.

1. Please keep water level is between minimum line and maximum line.
2. Unplug the kettle from the outlet when not in use and before cleaning
3. Ensure the kettle is operated on a firm and flat surface out of reach of children, this will prevent from overturning and avoid burning.
4. Boil-dry protection: Should you accidentally allow the kettle to operate without water, the boil-dry protection will automatically switch it off. If this should occur, allow the kettle to cool before filling with cold water and reboiling.
