Installing Panels
Measure the length needed for the panels. For accuracy, measure from the top of the guide rail down to the floor and subtract 1/4 in. So the fabric does not drag on the floor.

Cut the panels along the side opposite to the velcro strip.

Cut the panel according to your measurements.

Please cut from the bottom side opposite to the velcro strip.

Attach all 4 fabric panels to the guide rails.

Insert wands
Attach 2 wands to the leading and ending guide rails.
