

HEAVY DUTY FUEL FILTERS

Quality Filtration For
On-Highway, Vocational
and Off-Road Applications

LUBER FINER
BUILT TO DO MORE®

CLEAN YOUR FUEL FOR IMPROVED ENGINE EFFICIENCY

Diesel fuel quality can have a major impact on engine operation and performance. Fleets must meet emissions standards while trying to maintain efficiency and maximize uptime. A quality Luber-finer Fuel Filter can remove fuel contaminants, microbes and excess water. Scheduled maintenance and use of Luber-finer's Fuel Filters are vital to protecting your fuel system and equipment investment.

Luber-finer Fuel Filters have:

- All-metal housings
- Higher pulse fatigue and higher burst strength
- High-performance media
- Up to 99% filtering efficiency**
- Optional "no bowl" construction (where applicable)
- Sensor ports for proper OEM sensor replacement (where applicable)
- Easy-turn, low-torque valves

** Based on ISO 19438

Protect Your Fuel System From Water and Contaminants

Emissions regulations have forced diesel fuel to undergo changes that can have a severe impact on engine performance. From debris and particulates transported in fuel storage tanks to condensation and microbial growth in bio fuels, fuel filters help maintain engine efficiency and performance.

Quality Filtration That Protects Your Engine from:

- Particulates and debris in the fuel
- Water in the fuel
- Microbial growth in the fuel

TotalTec® Fuel Filters

Eliminate fuel filter maintenance with the one-filter, leak-proof replacement solution. Luber-finer TotalTec® filters will:

- Eliminate the need for plastic bowl replacements
- Offer efficient filtration
- Provide durable, leak-proof construction
- Enable easy installation
- Remove the need to stock two parts for one filter
