When it comes to support for your business, value and quality are top priority. Your business requires a strong commitment to reliability and peace of mind that comes from top-level expertise and pride in delivering complete customer satisfaction. From cutting edge technology to industry-leading response times, Canon's award-winning, 100% U.S.-based friendly and knowledgeable Customer Service Team provides expert assistance for every level of experience.

GENUINE Toner Cartridges

Designed by Canon engineers and manufactured in Canon facilities, GENUINE supplies are developed using precise specifications, so you can be confident that your Canon device will produce high-quality results consistently. Magnetic Spherical Toner (MS Toner) improves melting performance, which maximizes the On-Demand Fusing technology through the use of less heat and pressure. This provides enhanced Quick First-Print performance which saves time and cuts energy costs, while delivering exceptional monochrome image quality and clear, fine, black text. The Single-Cartridge System combines the toner and drum into the same unit, which means you only have one consumable to replace.

Footnotes

* Copy/print speeds are measured based on internal testing using letter size paper copied/printed with 100% copy/print ratio to original on one-sided paper. Internal testing involved continuously copying/printing the same one page of content on plain paper (copy speed is tested by copying on the platen glass). Copy/print speeds may vary depending on paper type, paper size or paper feeding direction. The device may automatically pause or slow down in order to adjust printer condition such as controlling temperature of a certain unit or limiting impact to image quality during continuous copying/printing.

** May vary depending on the output environment.

† Canon PRINT Business is available free on the App Store® and Google Play Store; compatible with iPhone 6 Plus, iPhone 6, iPhone 5S, iPhone 5C, iPhone 5, iPhone 4S, iPhone 4, iPad Air 2, iPad Air, iPad 4, iPad 3, iPad 2, Original iPad, iPad mini, iPad mini Retina, iPad mini 3 running iOS 7.0 - 8.0. Supports Android Tablets and Phones running OS 4.0 - 5.0. Canon PRINT Business combines the functions of Canon Mobile Printing and Canon Mobile Scanning for Business apps into one, streamlining both apps and adds new features and functionality for users of all types, from small or home offices to large enterprise offices. Users of Canon Mobile Printing can simply update the app to use Canon PRINT Business. Users who have installed Canon Mobile Scanning for Business should install Canon PRINT Business. After Canon PRINT Business is installed, users can reregister their Canon Mobile Scanning for Business device list and local documents.

†† Mopria Print Service, available free at the Google Play Store, requires a compatible Android 4.0 - 5.0

smartphone or tablet. The printer must be either wirelessly connected to the network router or with an Ethernet cable. The mobile device and printer must be connected to the same network.

††† Apple AirPrint functionality requires an iPad, iPad Mini, iPad 2, the new iPad, iPhone 3GS or later, or iPod touch 3rd generation or later device running iOS 7.0 - 8.0 or later, and an AirPrint-enabled printer connected to the same network as your iOS device. A printer connected to the USB port of your Mac, PC, AirPort Base Station, or Time Capsule is not supported.

▲ Google Cloud Print requires an Internet connection and Google Account. Printer firmware update may be necessary for Google Cloud Print™ function. Certain exceptions may apply. A PC running Windows XP or later or a Mac running OS 10.4.11 or later and USB cable are required to perform firmware update.

▲▲ Based on 20 lb. Bond paper.

▲▲▲ Wireless performance may vary based on terrain/distance between printer and wireless network clients.

◆ A5 paper is supported in Simplex mode only.

◆◆ Letter-sized, after being restored from Energy Saver mode.

◆◆◆ Based on Letter-sized scanning at 300 x 300 dpi.
