WIRELESS POSSIBILITIES

Upload & View

Upload your photos and videos to numerous social media sites, or check them on large screens by transferring to compatible devices.

Remote Shooting

Shoot remotely via the free Canon Camera Connect app* to take difficult to capture shots such as selfies and group photos and videos with you in them. You can also use the app to compose your photos from different vantage points.

Store & View

Built-in Wi-Fi** and NFC** capability allows for transfer of images to compatible devices like the Canon Connect Station CS100, which helps you store your photos and videos and view them on a big screen.

Full HD Made Easy and Bright

Record Full HD video with superb quality and beautiful background blur, even under low-light conditions. The EOS Rebel T6 is compatible with all EF/EF-S lenses to help you realize the "movie director" in you. Try different lenses for fun, new perspectives.

FULL HD 1080

EF 50mm f/1.8 STM

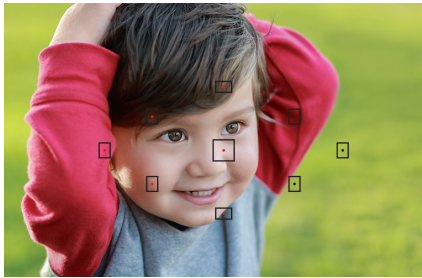

Different Modes to Suit Your Mood

Step it up to more creative shooting with a simple twist of the Mode Dial. Experiment with each mode to help you capture the shot you want based on what you're shooting or the mood you want to capture.

Close-up Mode

STUNNING PHOTOS, SIMPLY

Capture great images simply with easy-to-use features. The 9-point AF system focuses quickly and precisely for sharp, clear images, while continuous shooting up to 3.0 fps helps you catch the image you want. The Optical Viewfinder can help you frame your shot, and a 3.0-inch LCD monitor lets you check focus during Live View and review your photos easily. Scene Intelligent Auto automatically adjusts camera settings to suit your subject.
